Re: CVS Health – Aetna

We are writing to inform you that as result of operational changes in CVS Health Aetna's Clinical Solutions/Aetna Business Operations business segment the Company will be conducting position eliminations that will impact employees that work remotely (mostly outside of Connecticut) and report into our facility located at 151 Farmington Avenue, Hartford, Connecticut (the "Facility"). This action is expected to be permanent.

The employee separations as a result of this decision are expected to occur on July 3, 2026. All employees who will be terminated because of this action have been notified of their separation dates and that their separation from employment will be permanent. A listing of the job titles of the positions to be affected, the number of affected employees in each job title, and their expected dates of separation is attached as **Attachment A**.

Please note that none of the affected employees reside in Connecticut. All of the affected employees work from home remotely in a variety of states outside of Connecticut but report into a leader located at the Facility and so are being included in this WARN notice out of an abundance of caution.

There are no bumping rights for the affected employees, and the employees are not represented by a union.

If you have any questions or want additional information concerning this matter, please contact me at 401-829-0684.

Sincerely,

A handwritten signature in black ink, appearing to read "Howard Rankin", written over a horizontal line.

Howard Rankin
VP, Colleague Relations

Encls: Exhibit A – List of Impacted Positions

Attachment A
CVS Health - Hartford, Connecticut Facility
Note – none reside in CT
